

Salem Band Program
Permission Form – Student Website Participation

Throughout the year photographs or video clips of student activities may be published on Salem band programs' websites. Photographs and depictions of student work add much interest and visual appeal to websites. They can help with understanding of activities and programs. Since the Internet is a public forum accessible by all, parental permission is required before photographs, videos or other content may be included on the website.

Pictures will not be uploaded without parental permission and students' names will not be associated with any pictures. Please indicate your preference, sign, and return the form as soon as possible.

URL of our website is: www.salembands.us

Parental Preferences:

I give my permission for my student's image to be posted on the Salem band programs' website in this instance only.

I give my permission for my student's image to be posted on the Salem band programs' website in a similar manner during the current school year.

I do NOT give my permission for my student's image to be posted on the Salem band programs' website during the current school year.
